

August 16, 2017

Dear Parents,

I am very impressed with our class. They are learning to play, share, and learn together as a group. Next Monday there will be a solar eclipse. Observation of the eclipse requires eye protection, and one on one supervision. Parents will be able to check their child out of K-3 by 12:00. We will learn about what a solar eclipse is. We will not be going outside or attempting to observe it in real time. Our class will have nap during the time of the eclipse.

Scholastic book club flyers are in the blue folders. There is a class activation code on the back of the flyers. If you wish, you may order on line and the order will be delivered to our class and sent home with your child. This is a fun way to encourage those hungry little brains. The due date for the September flyer is September 6th.

Please be aware of your child's abilities. Using the restroom is a relatively new skill for many of them. Dress for success. At this age, that means clothing they can pull up and down independently. Belts, buttons, buckles, and tight clothing can be the difference between success and frustration. Some of the cutest clothes are the most difficult to operate. Please reinforce these skills at home.

Watch the weather. Fridays are Bike Days. If it is not inclement, bring your child's bike on Friday morning and drop it off at the Sports' Court. When you pick up your child in the afternoon, remember to pick up their bike. Please do not bring the bikes to the classroom. We have a few extra for those who forget. Friday is also Ice Cream Day. This is a PTO sponsored fundraiser. We all look forward to this little treat. Please send in \$1.00 for your child's treat. Thank you for entrusting me with your child's growth and education.

Sincerely,

Mrs. Kelly
