

August 30, 2017

Dear Parents,

The boys and girls are learning to be good listeners and follow the class rules. This week you will find a behavior chart on the back of the blue folder. I will record daily behaviors and send them home on Wednesdays for you to sign and return. Everyone should have a color code guide for each card. I prefer to use positive reinforcement with "quiet critters" and stickers, but occasionally have to pull a card if the student is not listening. We have spent the past few weeks learning about rules and how to follow them. I have a really great group of boys and girls this year!

This week we will learn:

- Letter - Cc (recognize it, write it, and know the sound it makes)
- Math - Patterns
- Sight Word - Yellow
- Religion - God made helpers.
- Science Experiment - Clean Copper Coins using vinegar and salt mixture.

Don't forget to send ICE CREAM money!

Students may be Out of Uniform on Friday for \$1.00. This money will be collected and sent to aid in hurricane relief for the families that were affected in Texas. Please continue to pray for them.

Have a great Labor Day weekend!

Mrs. Hogan
